U.S. Defense Dept. to test on-line purchasing system
Network World, p4
May 20, 1991
Language: English Record Type: Abstract
Document Type: Magazine/Journal; Trade

ABSTRACT:

DOD is planning an electronic bulletin board **procurement system** for acquisitions of products costing less than \$25,000. The system will be pilot-tested...

...at Wright-Patterson AFB (Dayton, OH) and when fully operational will enable some 4 mil **different items** to be posted and bid electronically. The DOD hopes to streamline its procurement operations using...

...the pilot test will be closely watched by several Federal agencies interested in implementing electronic **procurement systems**.

...TEXT: expertise used in each case are similar.

The DOD performance and technical requirements for military- **unique items**
do not present a major problem for TRW AEG. The real problem is the unique
reporting and compliance requirements imposed by the government
procurement system. TRW found the TINA and CAS requirements to be among
the most objectionable. There are...in price analysis and market research
techniques.

A Lack of Training

Unfortunately, the current government **procurement system** frequently
forces contracting personnel to know more about the regulations they
operate under than about...

... DOD contracting personnel have the price analysis and market research
skills necessary to procure military- **unique items** from dual-use firms.
The private sector uses price analysis almost exclusively. This is true for
mundane items, state-of-the-art items, and tailor-made **unique items**.

In many respects the government has a more difficult pricing task than its
commercial counterparts...
